Overview instructions

1. Create google folder with all submissions of a certain type (ex. CSIM Blinking Sign projects)
 - One document per submission

2. Submit 1 Bulk Submission on the Student Industry Connects platform, to indicate the type of projects submitted and provide the link to the full submission folder

Step by step instructions

- ideally a PDF, but google doc is fine if needed -- make sure permissions are set to "Anyone with link" is a "Viewer"
 - if creating a PDF from a Google doc that has links in it, make sure to "download as PDF" instead of "print to PDF" such that all the links continue to work
- Using the following naming convention: PLTWclass_TeacherName_StudentInitials

Create a Google Folder to share the submitted work --
